Gold Coast Restaurant

## GOLD COAST

Beluga Bar and Restaurant  
Tedder Avenue.

IOTA's Venice range of planters were chosen by architect Robin Gibson & Partners for the Beluga Bar and Restaurant in Tedder Avenue, Main Beach, Gold Coast.

13 Venice 500's were chosen for the project and designed to break up the concrete wall and soften the entrances into the building.

The planters need to be moved occasionally so the lightweight qualities of the Venice assist in this greatly.
