Noosa Fair Shopping Centre - Granite Tall Taper Large Planters

## NOOSA FAIR SHOPPING CENTRE - GRANITE GARDEN POTS

Shopping Centre Streetscaping

IOTA's Canterbury range was specified for the Noosa Fair Shopping Centre in Noosa Heads, Qld.

The Canterbury range is made out of polished granite and was recommended by the The Noosa Gardener who undertook the project.

"The granite is solid enough to handle the high traffic zones of the centre, while still retaining a sophistication expected in the Noosa area" Said Julie from The Noosa Gardener.

12 Tall Taper Large garden pot planters were throughout the project.
