Sheraton Noosa Heads

SHERATON NOOSA

Hotel foyer entrance

Landscape designers Outdoor Noosa specified IOTA's tall tapered XXL granite planters for the foyer of the Noosa Heads Sheraton.

The polished granite makes for a striking entrance for guests and leads them from the entrance to the reception desk and then another pair leads them out to the elevators.

Noosa Sheraton wanted something that would create a real impact on entrance and were more than happy with the result, matching granite saucers were also used.
